1) - KHADI VIKAS YOJANA

(A) - Modified Market Development Assistance (MMDA) Scheme

Initially, the Government of India introduced the scheme of Market Development Assistance (MDA) on production in place of rebate, after experimenting with several pilot schemes. The scheme has been given effect from 1st April, 2010 to help Khadi Institutions to reorient their activities extending adequate emphasis towards increasing artisans’ earnings as well as ensuring quality of Khadi to customers. The scheme of MDA on Production aims at uniform distribution of sales throughout the year unlike the erstwhile rebate scheme where most of the sale took place during the special rebate season of 108 days. A well-dispersed sale spread over the year is helping Khadi Institutions to keep inventory levels down, thereby offering greater scope for mobilization of required working capital.

Further, the Govt. of India has introduced the Modified Market Development Assistance (MMDA) scheme w.e.f., 3rd Quarter of 2016–17 under which 30% is provided as grant on Prime Cost of Khadi&Polyvastra. MMDA Scheme aims at decontrolling and de-linking the sales price from the Cost Chart thus offering scope to the Institutions to add value to Khadi; so that the products can be sold at market oriented prices.

The MMDA is calculated @ 30% on Prime Cost of Khadi&Polyvastra includes cost of raw material plus conversion charges upto grey cloth plus processing charges without margins, as specified in the Cost Chart. Khadi institutions undertaking production as well as sales activity shall be entitled for 60% of MMDA (40% for production and 20% for sales), the remaining 30% shall be distributed to Spinners & Weavers and 10% to Karyakartas / other Artisans.
